

Financial Services And Credit Guide

VARRIA PTY LTD

Version: 5

Date prepared: Monday, 1 October 2018

It is important that you read this Financial Services and Credit Guide (FSCG). It contains information that will help you decide whether to use any of the financial services offered by us, as described in this guide, including:

- who we are and how we can be contacted
- the advice and services we provide
- information about our licensee Charter Financial Planning Limited (Charter)
- our fees and how we, your adviser and Charter, are paid in connection with those services
- how we manage your private information
- how you can complain about a matter relating to us or Charter

Documents you may receive

We will provide you with a number of documents as you progress through our financial planning process to capture each stage of your advice journey. We may provide these documents to you electronically to your nominated email address, unless otherwise agreed.

When we provide personal advice it will normally be documented and provided to you in a Statement of Advice (SoA), known as a financial plan. The financial plan contains a summary of your goals and the strategies and any financial products we may recommend to achieve your goals. It also provides you with detailed information about product costs and the fees and other benefits we and others will receive, as a result of the advice we have provided.

If we provide further personal advice a financial plan may not be required. We will keep a record of any further personal advice we provide you for seven years. You may request a copy of such records by contacting our office during that period.

If we recommend or arrange a financial product for you we will provide a product disclosure statement (PDS) or investor directed portfolio service (IDPS) guide where relevant. These documents contain the key features of the recommended product, such as its benefits and risks as well as the costs you will pay the product provider to professionally manage that product.

You should read any warnings contained in your advice document, the PDS or IDPS guide carefully before making any decision relating to a financial strategy or product.

Tax implications of our advice

Under the Tax Agent Services Act 2009, Varría Pty Ltd is authorised by the Tax Practitioners Board to provide tax (financial) advice services on matters that are directly related to the nature of the financial planning advice provided to you. We will not consider any other tax matters in our advice to you. Where tax implications are discussed they are incidental to our recommendations and only included as an illustration to help you decide whether to implement our advice.

Transaction services

If you do not require advice, we can also arrange for you to apply for limited types of financial products where we can take your instructions and arrange for the transaction to be completed, without providing personal advice. If you wish to proceed without our advice, we will ask you to confirm your instructions, which we will document in writing. You can ask us for a copy of this documentation at any time.

Your relationship with us and using our services

You can contact us directly with any instructions relating to your financial products. This includes giving us instructions by telephone, mail or email. We can only accept your instructions via email once you have signed an authority form.

We will work with you to agree what advice and services we will provide and when and how often we will provide them.

Where you agree to ongoing advice and services, the details will be documented and provided to you in a service agreement. This includes the frequency of contact between us, service standards that may apply, any ongoing fee arrangements and how the service can be terminated.

If at any time you wish to terminate your relationship with us, please contact us using the details shown in this guide.

Providing information to us

It is important that we understand your circumstances and goals, so that we can provide you with appropriate advice and services. You have the right not to provide us with any personal information. Should you choose to withhold information, or if information you provide is incomplete or inaccurate the advice or services we provide you may not be appropriate for you.

It is also important that you keep us up to date by informing us of any changes to your circumstances, so we are able to determine if our advice continues to be appropriate.

Our fees

My preferred method of payment is by an agreed fee. The actual fee charged to you will depend on the nature of the advice or service I provide. I will discuss and agree the actual fees with you before I proceed. The following section outlines the types of fees that may apply.

The fees charged for our advice and services may be based on a combination of:

- A set dollar amount; or
- A percentage based fee.

Our agreed advice and service fees may include charges for:

- Initial advice
- Ongoing advice

Please note that for services in relation to insurance, banking deposit products, some loan products and older investment products, commissions may be paid by the product provider as follows:

- Initial commission - a percentage of the value of your investment contributions and
- Ongoing commission - a percentage of the value of your investment balance, usually calculated at the end of each month in which you hold the investment.

Payment methods

We offer you the following payment options for payment of our advice fees:

- BPAY, direct debit (savings), credit card or cheque
- Deduction from your investment
- All fees and commissions will be paid directly to Charter as the licensee on our behalf. They retain a percentage to cover their costs and the balance is passed on to us. The percentage is determined annually, based on a number of factors, including our business revenue for the prior year.

For details of our service fees, see our Schedule of fees below.

Other costs

Where other costs are incurred in the process of providing our advice and services to you, you will be liable for these costs. However, we will agree all additional costs with you prior to incurring them.

Other benefits we may receive

The following is a list of benefits we may receive other than those explained above. These are not additional costs to you. These benefits may be monetary or things like training, events or incentives we are eligible for.

In addition to the payments we may receive for our advice and services, we may receive other support services from the licensee. We may also be eligible to receive financial and training assistance, prizes and awards or events in recognition of financial planning excellence and innovation, and business performance. These benefits are paid at the licensee's discretion and the amounts are set by the licensee from time to time (usually on an annual basis). We may also participate in business lunches or receive corporate promotional merchandise tickets to sporting or cultural events and other similar items.

Development, management and advice recognition

We may qualify to receive a DMA payment to recognise our growth and professionalism. The DMA is based on a rate, calculated once per year, and determined by our ranking relative to other Charter Financial Planning practices. Up to 50% of all Charter Financial Planning practices may qualify for DMA payments. The relevant rate may range from 0% to 3.25%, depending on our ranking and whether or not we qualify for the certified quality advice program (see the "certified quality advice program" section below). The rate is then applied to our practice revenue of the prior year and paid to us in two instalments a year.

For example, if our DMA is set at 1% and our revenue for the prior year was \$200,000, we would receive a total of \$2,000 for that year, paid over two instalments.

How our performance is ranked

Ranking of practices is determined yearly by a points system which is a broad measure of the growth and professionalism of our practice as compared to other practices in the Charter Financial Planning network. The points system is based on a combination of factors within a balanced scorecard such as the quality of our services, compliance, our business goals and our engagement with our clients through a measure called Advice Growth Index (AGI). AGI measures the value of our fee for service revenue and the change in our clients' product holdings over the prior measurement period (usually a period of approximately 12 months).

Value participation scheme

AMP will provide us a payment based on the total in force annual premiums on some AMP insurance products and funds under management in some AMP wealth management products. The amount paid is based on the following:

- A tiered rate of up to 3% is applied incrementally to total premiums on some AMP insurance products. For example, if a client takes out a qualifying AMP insurance policy with an annual premium of \$3,000, we may receive an annual payment of up to \$90 in respect of that policy, with the rate applied dependent on the total combined premiums from all qualifying AMP insurance products.
- A tiered rate of up to 0.25% is applied incrementally to the total funds under management in qualifying AMP wealth management products. For example, if an existing client with a qualifying AMP wealth product invests a further \$40,000 into that product, we may receive up to \$100 in respect of that specific investment, with the rate applied dependent on the total qualifying funds under management.

From 1 July 2014, all investments in AMP wealth management products by new clients have been excluded from the scheme.

From 1 January 2018, all premium for new policies from the relevant AMP insurance products have been excluded from the scheme.

Certified quality advice program

On meeting eligibility criteria and gaining access into the program, we may become eligible for discounts on licensee fees, a 10% increase in purchase price under the buyout option and a 10% increase in DMA payment should we qualify. Eligibility is assessed on professional operations and processes, high quality advice standards and education.

Buyout option

If we leave the financial services industry, we are eligible to sell the register rights of our client base to Charter Financial Planning Limited. The valuation of these rights is based on a multiple of the annual financial planning revenue generated by our practice.

Personal and professional development

Charter provides personal and professional development opportunities in the form of education and professional development programs, offered annually to qualifying practices.

Summit

The Summit is a national convention available to advisers from all Charter practices. Charter subsidises the expenses of those who attend the convention up to a maximum value of \$1,200 per annum per practice.

Charter Leaders program

Each year, practices that meet particular criteria may be awarded entry into the Charter Leaders program. The criteria is based on a combination of factors including the quality of services, business goals and rankings against other practices in Charter. The Charter Leaders program provides access to personal and professional development courses organised by Charter. Charter may subsidise the cost of these courses up to amounts as determined by Charter from time to time.

Business support

We might receive financial assistance including subsidies or reimbursements for accounting, legal and bank fees; marketing or other once-off transitional support costs, to help us grow our business or implement appropriate succession planning options.

Placement fees

From time to time Charter will receive fees from brokers or product issuers (including AMP group companies) for arranging client participation in Initial Public Offerings (IPOs) of financial products. The fee, which is generally a percentage of the fee paid to the broker, varies from offer to offer and by the level of participation by Charter. We may share in this fee based on the level of participation by our clients.

Relationships and associations

It is important that you are aware of the relationships that Charter has with providers of financial services and products as they could be seen to influence the advice you receive.

Schedule of fees

These prices should be used as a guide only. We will discuss your individual needs and agree our fees with you. The actual agreed fees will depend on factors such as the complexity of your circumstances and goals and the scope of the advice.

Initial service fees

Before providing you with initial advice we will prepare an Initial Advice Agreement. The agreement sets out what our initial advice covers and how much it costs.

The initial advice fee will also be disclosed in your SoA.

Initial service	Fee amount
This covers the cost of researching and preparing your financial plan and is based on a set dollar amount	Starting from \$1,650

Ongoing service fees

An ongoing advice agreement will set out our support packages to help you stay on track to meet your goals. This includes the advice and services we will provide, the frequency these will be delivered, how much it will cost, your payment method and how the service can be terminated.

We provide ongoing services. The costs of these services are as follows:

Ongoing service	Fee amount
<p>The fee covers the cost to review the strategies and the products recommended in your SoA. It may be charged as a set dollar amount or a percentage of your investments. The fees payable vary with service packages received.</p> <p>Ongoing advice fees may increase each year in line with the Consumer Price Index (CPI) or by a fixed amount or fixed percentage each year. We will advise you if this fee will increase as a result of CPI.</p>	<p>Starting from \$2,200 Flat Fee OR;</p> <p>1.1% of funds under management. For example, if your account balance was \$100,000, your fee would be \$1,000</p>

Commissions

I do not receive commissions on investments through new superannuation, managed funds or retirement products. However, some products, particularly older products, may attract commissions.

Any commission amounts will be disclosed to you when providing my advice. The following table is a guide of commissions I may receive.

Product type	Initial commission	Ongoing commission	Example
Insurance (including those held within superannuation)	Up to 130% of the first year's premium. From 1 January 2018, commission on new policies will be limited to 88% of the first year's premium*.	Up to 33% of the premium each following year.	In 2018, if your insurance premium was \$1,000, we would receive an initial commission of up to \$880. We would receive an ongoing commission of up to \$330.00 pa.

All fees and charges include GST.

If an agreed advice fee is charged then we may rebate all or some of the commission.
